

Operations and Algebraic Thinking

Write the correct answer.

Solve the story problem.

Show your work.

- 1 Write how many there are in all.

Use the picture to help you.

Paige picks 6 pumpkins.

$$\boxed{6} + \boxed{3} = \boxed{9}$$

Then she picks 3 more.

- 2 Hal traded 5 baseball cards, 7 basketball cards, and 5 soccer cards. How many cards did he trade in all?

$$\boxed{17} \text{ cards}$$

label

- 3 Write the 10-partners and switch the partners.

$$\boxed{2} + \boxed{8}$$

$$\boxed{8} + \boxed{2}$$

Solve the story problem.

Show your work.

- 4 10 children are on the playground. 7 children are girls. The rest are boys. Complete the subtraction and the addition equation. How many boys are on the playground?

$$10 - \boxed{3} = 7$$

$$7 + \boxed{3} = 10$$

$\boxed{3}$ boys

- 5 Write how many dots. See the 5 in the group.

$\boxed{9}$

- 6 Use addition to solve subtraction.

$$8 + 4 = 12, \text{ so I know } 12 - 4 = \boxed{8}.$$

- 7 Subtract both sides. What number makes the equation true?

$$7 - \boxed{3} = 8 - 4$$

- 8 Find the unknown partner.

$$8 + \boxed{6} = 14$$

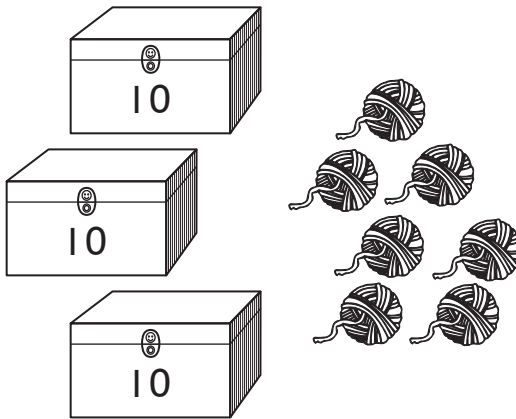

Number and Operations in Base Ten

- 9 Count by tens and ones. Write how many flowers.

67

- 10 How many balls of yarn?

37

Write the number.

1 ten 9 ones = 19

7 tens 0 ones = 70

- 13 Compare the numbers. Write $>$, $<$, or $=$.

$$75 \text{ (>) } 57$$

- 14 Add.

$$\begin{array}{r} 36 \\ + 40 \\ \hline 76 \end{array}$$

- 15 Use the grid to find 10 less. Write the number.

71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

10 less than 89 is .

- 16 Subtract.

$$80 - \text{(50)} = 30$$

Measurement and Data

- 17 Number the buildings in order from shortest to tallest.

3

1

2

- 18 Measure in paper clips.

4 paper clips

Read the clock. Write the time on the digital clock.

19

11:00

20

5:30

21 Use the data to answer the question.

How many fewer children have a cat than a dog?

Our Pets

 Dog	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
 Cat	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
 Fish	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

4 fewer children

Geometry

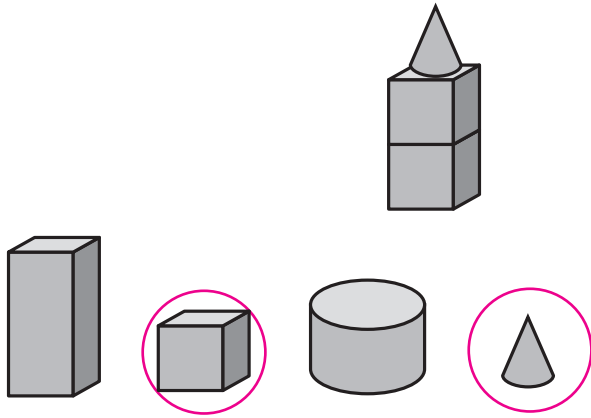

22 Ring the shapes that are NOT triangles.

23 Ring the shapes that are circles.

24 Ring the shapes used to make the new shape.

25 Draw lines to show fourths. Color a fourth of the circle.

Possible response:
