SCHOOL EMERGENCY PROCEDURES

Your schools have adopted the following procedures that will normally be followed in caring for your child when your child requires emergency assistance at school for either a medical or behavioral health concern. In extreme emergencies the school will seek immediate medical care.

In case of emergency and/or need of medical or hospital care:

1. The school will call the home. If there is no answer,
2. The school will call the parent/guardian 1's, or parent/guardian 2's place of employment. If there is no answer,
3. The school will call the other telephone number(s) listed and the physician.
4. If none of the above answer, the school will call an ambulance, if necessary, to transport the student to a local medical facility.
5. Based upon the medical judgment of the attending physician, the student may be admitted to a local medical facility.
6. The school will continue to call the parents, guardians or physician until one is reached.
7. The information on this form may be shared with emergency medical staff.

If I cannot be reached and the school authorities have followed the procedures described, I agree to assume all expenses for moving and medically treating this student. I also hereby consent to any treatment, surgery, diagnostic procedures or the administration of anesthesia, which may be carried out based on the medical judgment of the attending physician.
