

Skyline  
After School Activities  
Expectations

1. Uniforms must be worn during clubs and activities. Sports teams should wear appropriate apparel.
2. No cell phones are to be used in the school or on the property. Phone calls can be made from the classroom or the office. However, students should make arrangements with parents at home before staying after school to avoid confusion.
3. Students are to remain with the sponsor. If students must move through the building without a sponsor, they must wear a Name Tag identifying the student and the activity.
4. Soda Machines in the gym foyer may be used by students after school. If a teacher wants to take students into the faculty room, the teacher should escort them to avoid potential problems.
5. No one should use the elevators unless it is necessary to move heavy supplies or a teacher-approved reason.
6. Students must behave appropriately at all times or risk losing the privilege of staying after school.
7. Teachers will keep students in their activity until 4:20.
8. Parents who are picking up students from after-school activities need to do so *no later than 4:20*. If a parent is not here by the time the busses are leaving, the student must get on the bus.
9. Students who are taking busses will be brought to the main foyer at 4:25. Suburban bus riders will line up on the right side of the hall, city bus riders on the left. Bus riders will remain in the building until the bus arrives. Busses arrive at 4:30.
