2/3/20

Dear Parents/Guardians,

As your Fifth Grader moves on to middle school, they will now be able to participate in school sports. A requirement for participating in sports is having a completed sports physical. Sports physicals will be available at no out of pocket cost to you at the Warner School-Based Health Center. Physicals will begin April 1, 2020 and are scheduled during the school day. If you plan to have your student's physical at the Warner SBHC, please complete the attached DIAA form and return it to school. If you plan your student's physical with your primary doctor, take this form to that scheduled appointment. Also, if you are not already a member of the Warner School-Based Health Center, please complete the attached registration form.

Thank you,

Your Warner School-Based Health Center
