ADMINISTRATIVE MEMORANDUM

FACE COVERINGS | 5012.11

Face Coverings in Schools and in District Facilities

The Delaware Department of Education (DDOE) and the Division of Public Health (DPH) require any students in Kindergarten and above to wear face coverings while inside schools at all times except for meals or when doing so would inhibit the individual's health. If outside, face coverings are to be worn by students (Kindergarten and above) if social distancing cannot be maintained.

The Delaware Department of Education (DDOE) and the Division of Public Health (DPH) recommend children age 2 up to Kindergarten grade wear face coverings while inside elementary schools at all times except for meals or when doing so would inhibit the individual's health. If outside, face coverings are recommended for children (age 2 up to Kindergarten) if social distancing cannot be maintained. Any child under two years of age must not wear a face covering because of the risk of suffocation.

All staff must wear a face covering in the school building and district facilities. Exception is only allowed if a staff member is working in a space which allows consistent social distance of a minimum of 6 feet from another individual.

All visitors must wear a face covering in the school building and district facilities.

Some staff, students or visitors may not be able to wear a face covering because of his/her health or a disability. Individual requests for reasonable accommodations or modifications to the face covering memorandum to allow a staff, student or visitor who cannot wear a face covering because of his/her health or a disability to participate in, or benefit from, the programs offered or services that are provided by the district may submit a written request to the Deputy Superintendent.

Face coverings must not contain questionable language or symbols. Staff are encouraged to wear face coverings that are neutral, of a basic pattern or promote the school brand. Face coverings also must comply with [Board Policy 4018 Staff Participation in Political Activities](#).

The Board believes that employees have citizenship responsibilities. In the practice of these responsibilities, the employee:

- Shall take precautions to distinguish between personal and institutional views.
- Shall not interfere with colleagues' exercise of political and citizenship rights and responsibilities.
- Shall not use institutional privileges, District resources, or working time to promote political candidates or causes.

Questions about the information contained in this administrative memorandum should be directed to the Deputy Superintendent.
