

Care and Feeding of Your Chromebook

- **Feed your Chromebook every day.** Plug in your Chromebook at the end of the school day in the designated spot in the Chromebook cart.
- **Chromebooks know how to stay put in one spot, but they need help staying steady.** Place your Chromebook on even and sturdy surfaces so they do not fall.
- **Chromebooks do not eat human food.** Do not share food and drink with your Chromebook by eating or drinking near the device.
- **Chromebooks are happiest with their intended owner.** Be mindful of your Chromebook's location at all times and log out of your Chromebook when you walk away from it.
- **Chromebooks are fragile.** Avoid placing or dropping objects on top of the Chromebook. When holding and carrying your Chromebook, be sure to use two hands.
- **Take care of your Chromebook and your Chromebook will take care of you!**
Chromebooks are Red Clay issued devices. Members of Red Clay staff filter and monitor everything that students do on their Chromebooks in order to keep you safe.
